All sub-fund safety grant checks will be issued by the first week of November. We implemented new procedures in order to ensure delivery.

Several of our sub-funds held a joint meeting regarding the state of cyber coverage on October 14, 2021. We are stressing the importance of cyber security to our members because of the challenges we see ahead in securing coverage. The presenters from the New Jersey Cybersecurity & Communications Integration Cell and Dellicker Strategies provided a road map on cyber programs and strategies districts should consider putting in place. We had 225 attendees that ranged between business administrators, brokers and the member's IT staff.

On October 7, 2021, NJSIG hosted a Zoom micro-training session for nurses, "Reporting a Workers' Compensation Claim."
