Board of Trustees Meeting of March 15, 2017

Discussion Item

Office of Legislative Services Audit Status

The New Jersey Office of Legislative Services (OLS) audit team conducted a pre-exit interview at NJSIG on March 9, 2017 because they had some additional questions.

The next steps are for OLS to present their written draft audit report to NJSIG in advance of a mid-April exit Conference. NJSIG will have three weeks to provide a written response. The report and responses then go to the Legislature and the Governor's Office.
