Board of Trustees Meeting of September 20, 2017 Information Technology Report

Origami Upgrade (Claims Management Software)

Origami is live. The transitioned from STARS to Origami occurred the weekend of July 1, 2017, and went live when the staff arrived on Monday. The I.T. Department worked tirelessly on this implementation along with Mike Weiner, Karen Olsen, Joan Madden, Eric Franklin, Theresa Brewer and Tiffani Jackson of the Claims Department. I would like to acknowledge and thank everyone for their efforts and commitment to this project.

Broker Dashboard Release

The Broker Dashboard is here. Thanks to the efforts of Shadi Hermina, the Broker Dashboard will be released to the broker community within the next few weeks. We will be offering training through a webinar, if brokers would prefer to attend this meeting in person; they are welcome. We will also be providing a PowerPoint explaining all delivered dashboard widgets as a reference tool.

RFP for Document Management System

The I.T. Department is going to begin the RFP process for a document management system. We will keep you updated as we move forward with this process.

Jeff Cook

Jeff Cook, Information Systems Manager
